Understanding Filet Crochet

Filet crochet is a type of crochet that uses a grid-like pattern to create openwork designs. It involves alternating single crochet (sc) stitches with chain (ch) stitches, forming small squares. By varying the number of ch stitches between sc stitches, you can create different patterns and shapes.

In our butterfly filet crochet pattern, we'll use a combination of single crochet, double crochet (dc), and chain stitches to create the delicate butterfly motifs.

Step-by-Step Instructions

1. Foundation Chain

1. Create a foundation chain of 120 ch.
2. Turn your work.

2. Row 1 (Right Side)

1. Sc in 2nd ch from hook and in each ch across.
2. Turn your work.

3. Row 2 (Wrong Side)

1. Ch 1, sc in each sc across.
2. Turn your work.

4. Butterfly Filet Crochet Pattern Rows
